

On the Air Podcast FAQ

- **How do I find and subscribe to the On the Air podcast?**

- Each podcast platform requires an account. If you use mac products or have a Gmail account, you already have one! Below, we'll go through the steps for each platform:

- **Apple Podcasts:** If you have mac products and have an apple ID finding the podcast should be relatively easy as the Apple Podcast app is already downloaded on your devices, just search on your phone or in your finder. The icon looks like this:

Once the app is open, just search **Lifeline On the Air** and you should see our podcast! To subscribe:

- Tap or click the show to see its information page.
- Tap or click **Subscribe**. Now, new episodes automatically download for free and you'll get a notification as they become available.

- **Google Podcasts:**

- **Note: You will need a Gmail or Google Apps account.**

1. Find/download the **Google Podcast** app on your computer or phone from your applications store.

It looks like this:

2. On your phone/desktop, open **Google Podcasts**.
